

Dear Student,

National Geographic Learning is excited to welcome you to **Spark!**

As a class studying National Geographic Learning's *Life 2e AmE*, you will find a world of digital resources on our online platform to make learning more interesting, more engaging, and to put it simply...more fun!

Using **Spark** for the first time? Please follow the below steps.

How to Get Started:

- 1. You can sign in at learn.eltngl.com
- 2. Enter your username (*your email address*) and the default password, and click 'Sign In'. You will be prompted to select a more secure password upon first login. Make sure you select a password you will remember, as you will need these login credentials throughout the course.
- 3. Here is *How to complete activities in Spark*
- 4. Here is <u>How to access your Student's eBook and Course Resources in Spark</u>
- 5. Here is <u>How to take online tests in Spark</u>
- 6. Also, learn <u>How to download and use the Student's App</u>

Should you need further assistance or have any questions, please reach out to your teacher.

We are delighted to be part of your educational journey.

Sincerely yours,

The National Geographic Learning Team
