

ENGLISH LANGUAGE PROGRAM KIDS 1

Description

This course will develop your child's English language skills at an Elementary (A1) level through practice of the four skills - listening, speaking, reading, and writing - as well as through grammar, vocabulary, and pronunciation exercises. Your child will learn to talk and write about useful everyday topics, namely: School, Toys, Wild Animals, House spaces, Town, Family, Strange Creature, Food, Sports and Music.

Your child will explore language learning within an interactive virtual classroom that provides many opportunities to practice real-world communication. Outside of the virtual classroom, your child will be expected to complete assignments that extend in-class learning, collaborate in online discussions, and use a variety of digital resources for language practice with the guidance of the teacher.

- developed some level of critical thinking skills to reflect upon, manipulate, process and interpret information
- fostered his or her autonomy by demonstrating and putting into practice learning strategies
