

Welcome Back
Everyone 😊

Lost in Space

- Imagine that you are living in a space station.
- All of a sudden, the space station malfunctions and you have to evacuate.
- You are only allowed to take 5 items with you. Which items would you choose?

True or False

1. Scientists are looking for resources on Mars to help us survive on Earth.
2. Rely Satellites are used for communicating between Earth and the astronauts.
3. The IN-SITU Resource Utilization are used to deploy different stations on Mars to secure life.
4. During Human Exploration they found that Mars would be an impossible location for life.
 5. Earth will be destroyed soon, so there has to be an alternative.
6. There are no elements of life on Mars (for example: water, oxygen, carbon dioxide)
 7. Mars Could be our next home for work, life, and shifting from Earth.

Discuss these with a partner..

- Compare and contrast between living on Earth and Mars:
- What are the similarities and differences?
- If you had an opportunity to go live on Mars, like mentioned in the video earlier would you?
- Would you ever leave Earth for anything?

Did you know
that space isn't only the stars or the planets?
Elaborate.

Talk about your workspace:

- Is it open or closed?
- What would you rather have?
- What could you change about your workspace to make you feel better?

Let's listen to (1.12) According to the speaker, is each of these a reason supporting open or closed office spaces? Write O open or C for closed

- Good for large groups
- Better for sensitive discussions with managers.
- Better for increased teamwork.
- Fewer hard feelings experienced.
- Easier to ask questions.
- Better for inspirations

Let's discuss these questions based on the listening..

- Is an open or closed office space better if you are a large company?
- Why is it easier to get inspiration in a closed office?
- What happens if workers don't consult with each other?
- Why does an open office space avoid hard feelings?
- Is an open or closed office space better if you need to talk about a sensitive issue? Why?

In groups : Discuss and search online what are the advantages and disadvantages of ?

Open office space
