## Reading Comprehension

Read the following passage carefully and answer the questions below.

Tom has always loved animals. Since he was a child, he has dreamed of working with wildlife and helping to protect endangered species. Last year, he volunteered at a large animal sanctuary located in a remote forest area. The sanctuary is home to many rescued animals, including lions, elephants, and monkeys. Every day, Tom helped take care of the animals by preparing their food, cleaning their enclosures, and assisting the veterinarians during medical check-ups. The sanctuary is run by a team of dedicated people who believe that education and conservation are the keys to saving these animals. Tom was amazed by how much work goes into protecting wildlife and how important it is to raise awareness about environmental issues. During his time there, he learned a lot about animal behavior and the challenges faced by endangered species in the wild. He has stayed in contact with the sanctuary since then and plans to return next summer to continue volunteering.
