AMIDEAST Online sends two emails to your email account. Open up a new window or use your smart phone and go to your email account.

Check your Inbox for the two emails. One of them will have a link in it. Click that link or copy/paste it to your browser bar.

If the email doesn't come, go to your Junk mail and check for it there. That sometimes happens because your email account may be very strict about spam.

After you click on the link, your account will be created and you will be redirected to AMIDEAST Online.
